 **ZGSM**
SAVE TODAY'S ENERGY FOR TOMORROW

ZGSM Light Factory Expert in lighting

EN

For over 17 years, ZGSM has been dedicated to creating a better quality, eco-friendly, efficient lighting environment through diverse businesses of LED lighting, traffic, solar and smart control system.

ZGSM has been rapidly developing its business all over the world since establishment. It was entitled as patent model enterprise and awarded as National High-tech Enterprise in 2009 and became a member of Illuminating Engineering Society and Semiconductor Industry Association in China in 2012.

ZGSM's R&D team is composed of over twenty members, each graduated from well-known universities in China and overseas in the areas of optics, thermodynamics, industrial design, electrical engineering, information engineering, arts, etc. The core designers are all well-experienced in domestic and international important programs for industrial products. The abilities of this powerful team give ZGSM unmatched technical strengths that allows it to have applied for over 50 worldwide patents.

Through collaboration with our partners and customers with innovative, reliable products and services, ZGSM is taking the world in a premium lighting experience.

ES

Durante más de 17 años, ZGSM se ha dedicado a crear un entorno de iluminación eficiente, ecológico y de mejor calidad a través de diversos negocios de iluminación LED, semáforo, energía solar y sistemas de control inteligente.

Desde la creación, ZGSM ha sido rápidamente desarrollando su negocio en todo el mundo. En 2009, se tituló como empresas modelo de patentes, En 2009, fue galardonado como Empresa nacional de alta tecnología. En 2012, se convirtió en miembro de Sociedad de ingeniería iluminadora y Asociación de la industria de semiconductores en China.

El equipo de I + D (investigación y desarrollo) de ZGSM está compuesto por más de veinte miembros. Cada uno se graduó de universidades reconocidas en China y en el extranjero en las áreas de óptica, termodinámica, diseño industrial, ingeniería eléctrica, ingeniería de la información, artes, etc. Los diseñadores principales tienen mucha experiencia en importantes programas nacionales e internacionales para productos industriales. Las habilidades de este poderoso equipo le dan a ZGSM fortalezas técnicas inigualables que le permiten haber solicitado más de 50 patentes en todo el mundo.

A través de productos y servicios innovadores y confiables; en colaboración con nuestros socios y clientes, ZGSM está tomando el mundo en una experiencia de iluminación premium.

FR

Depuis plus de 17 ans, ZGSM se consacre à la création d'un environnement d'éclairage de meilleure qualité, respectueux de l'environnement et efficace grâce à diverses activités d'éclairage à LED, de trafic, de système solaire et de système de contrôle intelligent.

Depuis sa création, ZGSM développe rapidement ses activités dans le monde entier. En 2009, elle a été classée entreprise modèle de brevets. En 2009, elle a été nommée entreprise nationale de haute technologie. En 2012, elle est devenue membre de l'Illuminating Engineering Society et de l'Association de l'industrie des semi-conducteurs en Chine.

L'équipe R&D de ZGSM se compose de plus de vingt membres, chacun diplômé d'universités renommées en Chine et à l'étranger dans les domaines de l'optique, de la thermodynamique, du design industriel, de l'électrotechnique, de l'ingénierie de l'information, de l'art, etc. Les concepteurs principaux ont une vaste expérience dans les programmes de produits industriels importants au pays et à l'étranger. Les capacités de cette puissante équipe confèrent à ZGSM une force technique inégalée, lui permettant d'avoir déposé plus de 50 brevets mondiaux.

Grâce aux produits et services innovants et fiables; à la collaboration avec nos partenaires et clients, ZGSM emmène le monde dans une expérience d'éclairage haut de gamme.

LED STREET LIGHT FAROLA LED LAMPADAIRE LED

EN

The projects for street light cover wide range, and for a demanding requirement for street light in the market, energy saving and easy maintenance are critical. ZGSM street lights take every aspect into consideration. Power ranges from 15W to 300W for different applications such as roadway, pathway, outside parking lot, rural road, etc. Multiple light distributions and intelligent controls available contribute significantly to reducing costs, delivering perfect illumination and avoiding light pollution. It will be amazing when choose ZGSM street lights family.

ES

Los proyectos de alumbrado público cubren una amplia gama, y para un exigente requisito de alumbrado público en el mercado, el ahorro de energía y el fácil mantenimiento son fundamentales. Las farolas ZGSM tienen en cuenta todos los aspectos. La potencia varía de 15 W a 300 W para diferentes aplicaciones, como carreteras, caminos, estacionamientos exteriores, caminos rurales, etc. Las múltiples distribuciones de luz y los controles inteligentes disponibles contribuyen significativamente a reducir los costos, entregando una iluminación perfecta y evitando la contaminación lumínica. Será increíble cuando elija la familia de farolas ZGSM.

FR

Les projets d'éclairage public couvrent une large gamme. Et pour répondre aux exigences élevées en éclairage public sur le marché, l'économie d'énergie et la facilité d'entretien sont essentielles. Les lampadaires ZGSM prennent tous les aspects en considération. Plage de puissance de 15W à 300W pour différentes applications telles que la route, le chemin, le parking extérieur, la route rurale, etc. Les distributions lumineuses multiples et les contrôles intelligents disponibles contribuent de manière significative à réduire les coûts, à fournir un éclairage parfait et à éviter la pollution lumineuse. Ce sera incroyable lorsque vous choisissez la famille de lampadaires ZGSM.

Body: High pressure die-cast aluminum
Colour: Deep grey /Light grey
Cover: Toughened glass and Polycarbonate
Pole Diameter: 60mm, 50mm is optional
Working Environment: -40°C ~ +50°C; 10% ~ 90%RH
Protection Class: Class I, Class II is optional
Optics: Type I, Type II, Type III, Type V
Lifetime (L70): 100, 000h
Available on request: DALI, DIM 1-10V, OLC, Photocell, Knife switch, NTC

ES
Luminaria de alumbrado público profesional con fuentes de luz LED.
Información General
Voltaje: 100-240 /277V 50 /60Hz
LED: PHILIPS LUMILEDS
Conductor: MEANWELL /INVENTRONICS
Cuerpo: Aluminio fundido a alta presión
Color: gris oscuro /gris claro
Cubierta: vidrio templado y policarbonato
Diámetro del poste: 60mm, 50mm es opcional
Ambiente de trabajo: -40°C ~ +50°C; 10% ~ 90%RH
Clase de protección: Clase I, Clase II es opcional
Óptica: Tipo I, Tipo II, Tipo III, Tipo V
Vida útil (L70): 100, 000h
Disponible: DALI, DIM 1-10V, OLC, Fotocélula, Interruptor de cuchilla, NTC

FR
Lampadaire professionnel avec sources lumineuses LED.
Données Générales
Tension: 100-240 /277V 50 /60Hz
LED: PHILIPS LUMILEDS
Alimentation: MEANWELL /INVENTRONICS
Corps: Aluminium moulé sous pression
Couleur: Gris foncé /Gris clair
Couverture: Verre trempé et polycarbonate
Diamètre du Mât: 60mm, 50mm est en option
Environnement de Travail: -40°C ~ +50°C; 10% ~ 90%RH
Classe de Protection: Classe I, Classe II est optionnelle
Optique: Type I, Type II, Type III, Type V
Durée de Vie (L70): 100, 000h
Disponible sur demande: DALI, DIM 1-10V, OLC, Photocellule, Disjoncteur, NTC

Professional streetlight luminaire with LED light sources.
General Data
Voltage: DC 48V
LED: PHILIPS LUMILEDS
Driver: N /A
Body: High pressure die-cast aluminum
Colour: Deep grey
Cover: Polycarbonate
Pole Diameter: 50mm
Working Environment: -40°C ~ +50°C; 10% ~90%RH
Protection Class: Class III, Class I and II are optional
Optics: Type II
Lifetime (L70): 100, 000h
Available on request: External driver

LED HIGH BAY LIGHT LED FOCO INDUSTRIAL LUMINAIRE INDUSTRIEL LED

EN

LED high bay series provide remarkable lighting solution mainly for warehouse, factory, gymnasium or any large and cavernous space. ZGSM lighting is innovative not only in outlook design but also offers durable and costeffective performance.

The light efficiency reaches from 130lm/w to 190lm/w. They are compatible with intelligent control system which ensures longer lifespan and lowers 90% cost. Moreover, ZGSM high bay family have multiple professional optical lens and various installation accessories which meet all your requirements for any projects.

ES

La serie LED foco industrial proporciona una solución de iluminación notable principalmente para almacenes, fábricas, gimnasios o cualquier espacio grande y cavernoso. Iluminación ZGSM que no solo es innovadora en términos de diseño de perspectiva, sino que también ofrece un rendimiento duradero y rentable. Estas luces alcanzan la eficiencia de 130lm/w a 190lm/w disponibles. Y son compatibles con el sistema de control inteligente que garantiza una vida útil más larga y reduce el costo del 90%. Además, la familia ZGSM foco industrial diseñó múltiples lentes ópticas profesionales y varios accesorios de instalación que cumplen con todos sus requisitos para cualquier proyecto.

FR

Les séries de luminaire industriel LED fournissent une solution d'éclairage remarquable principalement pour les entrepôts, les usines, les stades ou tout espace vaste et caverneux. L'éclairage ZGSM est non seulement innovant dans la conception d'apparence, mais offre également des performances durables et rentables. L'efficacité de ces lumières atteint de 130lm/w à 190lm/w. Et ils sont compatibles avec le système de contrôle intelligent qui assure une durée de vie plus longue et réduit les coûts de 90%. De plus, la famille des luminaires industriels ZGSM a conçu plusieurs lentilles optiques professionnelles et divers accessoires de montage pour répondre à toutes vos exigences pour tout projet.

ES
Luminaria industrial diseñada para iluminar objetos de gran superficie.
Información General
Voltaje: 100-240 /277V 50 /60Hz
LED: PHILIPS LUMILEDS
Conductor: MEANWELL /INVENTRONICS
Cuerpo: Aluminio fundido a alta presión
Color: Plateado
Cubierta: Policarbonato
Montaje: Varios soportes o cable de acero
Entorno de trabajo: -40°C ~ +50°C; 10% ~ 90%RH
Clase de protección: Clase I, Clase II es opcional
Óptica: 60, 90 o 110 grados
Vida útil (L70): 100, 000h
Disponible: DALI, DIM 1-10V, OLC, NTC, TIMER DIM

FR
Luminaire industriel conçu pour éclairer des objets de grande surface.
Données Générales
Tension: 100-240 /277V 50 /60Hz
LED: PHILIPS LUMILEDS
Alimentation: MEANWELL /INVENTRONICS
Corps: Aluminium moulé sous pression
Couleur: Argenté
Couverture: Polycarbonate
Montage: Divers supports ou câble métallique
Environnement de Travail: -40°C~+50°C; 10%~90%RH
Classe de Protection: Classe I, Classe II est optionnelle
Optique: 60, 90 ou 110 degrés
Durée de Vie (L70): 100, 000 h
Disponible sur demande: DALI, DIM 1-10V, OLC, NTC, TIMER DIM

EN

Industrial luminaire designed to light up large-area objects.

- General Data**
Voltage: 100-240 /277V 50 /60Hz
LED: PHILIPS LUMILEDS
Driver: MEANWELL
Body: High pressure die-cast aluminum
Colour: Black
Cover: Polycarbonate or Toughened glass
Mounting: Hook Loop or Various brackets
Working Environment: -40°C ~ +50°C; 10%~90%RH
Protection Class: Class I
Optics: 60 or 110 degrees
Lifetime (L70): 100, 000h
Available on request: DALI, DIM 1-10V, OLC, NTC, TIMER DIM

LED FLOOD LIGHT
LED REFLECTOR
PROJECTEUR LED

EN

ZGSM LED flood light family are mainly designed for area lighting, sport lighting, parking lots and billboard lighting. Full power ranges and symmetric or asymmetric beam angles can satisfy the most application demands. They are ideal illuminating for any outdoor area as well as dramatically reducing energy consumption.

ES

Familia de reflectores LED ZGSM diseñados principalmente para iluminación de áreas, iluminación deportiva, estacionamientos y vallas publicitarias. Rangos de potencia completos y ángulos de haz simétricos o asimétricos para satisfacer las necesidades de la mayoría de aplicaciones. son ideales para iluminar cualquier área al aire libre y reducen drásticamente el consumo de energía.

FR

La famille des projecteurs LED ZGSM est principalement conçue pour l'éclairage de zone, l'éclairage sportif, l'éclairage des parkings et des panneaux d'affichage. La plage de puissance complète et les angles de faisceau symétriques ou asymétriques peuvent satisfaire la plupart des besoins d'application. Ils sont idéaux pour éclairer tout espace extérieur ainsi que réduire considérablement la consommation d'énergie.

Driver: Integrated LED driver

Body: High pressure die-cast aluminum

Colour: Black

Cover: Toughened glass

Mounting: Various brackets

Working Environment: -40°C ~ +50°C; 10%~90%RH

Protection Class: Class I

Optics: 110 degrees

Lifetime (L70): 50, 000h

Available on request: RGB,RGBW, PIR SENSOR

ES

Reflector moderno con fuente de luz LED.

Información General

Voltaje: 220-240V 50 /60Hz

LED: SMD2835

Controlador: controlador LED integrado

Cuerpo: Aluminio fundido a alta presión

Color: Negro

Cubierta: Vidrio templado

Montaje: Varios soportes

Ambiente de trabajo: -40°C ~ +50°C; 10% ~ 90%RH

Clase de protección: Clase I

Óptica: 110 grados

Vida útil (L70): 50, 000h

Disponible bajo pedido: RGB, RGBW, PIR SENSOR

LED TUNNEL LIGHT LUMINARIA LED PARA TÚNEL LUMINAIRE DE TUNNEL LED

EN

ZGSM LED tunnel light is suitable for using in all tunnel and underpass areas of roadway and railroad applications. IP66 rating, low copper aluminum housing, surface oxidation treatment process are all designed to meet a longtime salt fog rating. Its universal design can be applied to either wall or ceiling mount tunnel lighting applications with an optional adjustable feature for various tilt angles.

ES

La luminaria LED para túnel ZGSM es adecuada para su uso en todas las áreas de túneles y pasos subterráneos para aplicaciones en carreteras y ferrocarriles. Diseño con clasificación IP66, carcasa de aluminio con bajo contenido de cobre, proceso de tratamiento de oxidación superficial diseñado para cumplir con una clasificación de niebla salina de larga duración. Su diseño universal se puede aplicar a aplicaciones de iluminación de túneles de montaje en pared o techo con una función ajustable opcional para varios ángulos de inclinación.

FR

Le luminaire de tunnel LED ZGSM convient à toutes les zones de tunnel et de passage souterrain des applications routières et ferroviaires. La conception d'indice de protection IP66, le boîtier en aluminium à faible teneur en cuivre et le processus de traitement d'oxydation de surface conçu pour atteindre la classe de brouillard salin à long terme. Sa conception universelle peut être appliquée aux applications d'éclairage de tunnel à montage mural ou au plafond, et dispose de fonctions optionnelles et réglables pour différents angles d'inclinaison.

LED PROJECTOR LIGHT LUMINARIA LED PARA ESTADIO ÉCLAIRAGE DE STADE LED

EN

ZGSM LED Projector Light is optimized for customers requiring a LED solution for expressway, freeway interchanges, sports fields, airports and other large area applications. The modern design incorporates the big heat sink for heat transfer to prolong LED life. This reliable unit has a 100,000-hour design life, significantly reducing maintenance needs and expense over the life of the fixture. This efficient solution lowers energy consumption compared to traditional HID fixtures for additional operating cost savings.

ES

El proyector LED ZGSM está optimizado para clientes que requieren una solución LED para autopistas, intercambios de autopistas, campos deportivos, aeropuertos y otras aplicaciones de áreas grandes. El diseño moderno incorpora el gran disipador de calor para la transferencia de calor para prolongar la vida útil del LED. Esta unidad confiable tiene una vida útil de 100,000 horas, lo que reduce significativamente las necesidades de mantenimiento y los gastos durante la vida útil del dispositivo. Esta solución eficiente reduce el consumo de energía en comparación con los dispositivos HID tradicionales para ahorrar costos operativos adicionales.

FR

L'éclairage de stade LED ZGSM est optimisé pour les clients nécessitant des solutions LED pour les autoroutes, les échangeurs d'autoroutes, les terrains de sport, les aéroports et d'autres applications de grande superficie. La conception moderne intègre de grands dissipateurs de chaleur pour le transfert de chaleur afin de prolonger la durée de vie de LED. Cet appareil fiable a une durée de vie de 100 000 heures, ce qui réduit considérablement les besoins d'entretien et les dépenses tout au long de la vie de l'appareil. Par rapport aux luminaires HID traditionnels, cette solution efficace réduit la consommation d'énergie pour des économies sur les coûts d'exploitation supplémentaires.

LED GROW LIGHT LED LUZ DE CULTIVO LUMINAIRE HORTICOLE LED

EN

ZGSM LED plant growth lights are suitable for artificial light plant seedlings, leafy vegetable production, greenhouses, and other facilities for agricultural cultivation to supplement light, adjust flowering period, color flowers and fruits, improve taste and quality, promote plant growth, and shorten plant growth cycles. They improve the quality and efficiency of plant output.

ES

Las luces LED de cultivo para plantas de ZGSM son adecuadas para plántulas de plantas ligeras artificiales, producción de vegetales de hojas, invernaderos y otras instalaciones para el cultivo agrícola para complementar la luz, ajustar el período de floración, colorear flores y frutas, mejorar el sabor y la calidad, promover el crecimiento de las plantas y acortar las plantas. ciclos de crecimiento. Mejorar la calidad y la eficiencia de la producción de la planta.

FR

Le luminaire horticole LED de ZGSM convient à la culture de jeunes plantes et la production de légumes à feuilles à lumière artificielle, à l'éclairage d'appoint pour la culture agricole dans les serres et autres installations. Il sert à ajuster la période de floraison, colorer les fleurs et les fruits, améliorer le goût et la qualité, favoriser la croissance des plantes et raccourcir cycles de croissance. Il améliore la qualité et l'efficacité de la production végétale.

NEW

EN

Full spectrum LED grow light for plants.

General Data

Voltage: 100-240 /277V 50 /60Hz

LED: SAMSUNG LM301B + OSRAM 660 nm

Driver: Sosen

Body: Aluminum with oxide treatment, PC

Colour: Light Silver + Lime Green

Mounting: Hanging

Working Environment: < 40°C, 10% ~ 90%RH

Protection Class: Class I

Optics: 120 deg

Lifetime (L70): > 50,000 hours (11.4 years @ 12 hours/day)

Available on request: DIM 1-10V

ES

Luz de cultivo LED de espectro completo con plantas

Información General

Voltaje: 100-240 /277V 50 /60Hz

LED: SAMSUNG LM301B + OSRAM 660 nm

Conductor: Sosen

Cuerpo: Aluminio con tratamiento de óxido, PC

Color: Plata claro + verde lima

Montaje: Colgando

Ambiente de trabajo: < 40°C, 10% ~ 90%RH

Clase de protección: Clase I

Óptica: 120 deg

Vida útil (L70): > 50,000 hours horas (11,4 años a 12 horas / día)

Disponible: DIM 1-10V

FR

Luminaire horticole LED à spectre complet pour les plantes.

Données Générales

Tension: 100-240 /277V 50 /60Hz

LED: SAMSUNG LM301B + OSRAM 660 nm

Alimentation: Sosen

Corps: Aluminium avec traitement d'oxyde, PC

Couleur: Argent Clair + Vert Citron

Montage: Suspendu

Environnement de Travail: < 40°C, 10% ~ 90%RH

Classe de Protection: Classe I

Optique: 120 degrés

Durée de Vie (L70): > 50,000 heures (11.4 ans à 12 heures/jour)

Disponible sur demande: DIM 1-10V
